OGC Has Reviewed

MEMORANDUM FOR: General Counsel

SUBJECT: Applicability of Federal Employees' Pay Regulations to
Employees of this Agency

1. Revisions of Part 25 of the Civil Regulations, Federal Employees' Pay Regulations, were published in the Federal Register on 2 November 1954. These Regulations incorporated changes resulting from enactment of Public Law 763, 83d Congress.

2. From time to time, representatives of your Office have informed representatives of this office that subpart C of these Regulations are applicable to employees of this Agency in spite of the exemption stated in Section 25.202 (a)(8). Accordingly, this office has followed the practice of considering these Regulations as binding in the development of administrative regulations bearing on pay matters.

3. In view of the fact that the exemption previously stated has been carried over in this revision of Part 25, it will be appreciated if you will advise us as to whether the provisions of subpart C of these Regulations apply mandatorily to employees of this Agency or whether our application of them as guides is a matter for administrative determination by the Director of Central Intelligence.
